REPORT OF SCHOOL BOARD

We think the last year has been a prosperous one with the schools in town. There have been about twenty-seven weeks of schools in each district.

If some of the parents would take a little more interest in having the children go to school every day and not spend so much time in trying to make trouble in the school, we think it would be an improvement in the right direction.

We cannot expect to get teachers that will please everyone in every little way, as most of us have a different opinion on a great many points. Now let us all try and help make the school as pleasant for the teacher and pupil as possible, and we think our schools will rank with the schools in the towns around us.

CHARLIE D. JEWELL, } School
JOSIAH WHEET, } Board.
